

## RING SIZER

To be printed at actual size (without scaling)

### IMPORTANT

To check that your ring sizer has been printed at actual size, check that the scale below measures 5 centimeters.

How to measure your finger circumference?

#### Step 1

Take a ring that you can put on the finger on which you will wear your new ring (Note that the size of the fingers may vary from hand to hand).

#### 2nd step

Place the ring on the circles below. Your finger size corresponds to the circle whose black line appears entirely inside the ring.
